

Client testimonials

We're lucky enough to have the support of our clients using Console Cloud. You can read some of their feedback about our product below.

"We love having Console Cloud, it has become so resourceful for our office and with new and updated features rolling out all the time it keeps getting better."

CRYSTAL HILL, PROPERTY ASSISTANT,
BLUE MOON PROPERTY - COOROY

"Console Cloud is the most amazing property management software that I have used. EOM and EOFY are something that every property manager dreads, however, Console Cloud makes it so easy that I was able to process EOM and EOFY while on holidays in Tokyo, Japan."

SUSAN JORGENSEN, BASTION PROPERTY
MANAGEMENT.

"The new workflows are great. Console Cloud is just getting better and better... there is a huge difference to the platform we started with".

TAMISON MCFARLANE, PRINCIPAL - RENTAL
PLATFORM

I love the lease renewals and vacate workflows. Previously we used a spreadsheet that we had to look at all the time. But that was nowhere near as good as the workflows in Console Cloud.

LAWRET KELSO - HARCOURTS ASTUTE

The vacate and lease renewals workflows are amazing. I've never seen anything like it. It makes my life so much easier.

S. VAZANELLIS, SENIOR PROPERTY MANAGER,
VICINITY REALTY

The biggest change we've seen in Console Cloud is its speed and simplicity. The time it takes to get things done has reduced significantly because daily tasks have been streamlined.

MATT EISEMAN, PRINCIPAL, YOUR LOCAL REALTY

Console Cloud gives me back my time, and that's the most valuable commodity I have - that any Property Manager has.

PENNY PANOREA, PRINCIPAL, PENNY LANE
REAL ESTATE

Cloud is very user-friendly, with features that are making life more efficient for us. We have no hesitation in recommending Console and Console Cloud as partners to any property management business.

TED VAN FLEET, MANAGER, MAYFAIR
RESIDENCES
